SUPPLIER

CARRIER

TMS Transport Management System

SUPPLIER CARRIER Bosch TMC Order scheduling managed by TMC

Only orders received from TMS system can be managed. Otherwise the freight might be unpaid.

Receiving assignment

If no order is assigned till 16:00 (CET) in TMS - it is most likely that there will be no pick up for the next day.

Shipment's statuses & payment process

TM [Transport Management]

TMS module to monitor and report status of the transports

FM [Freightcost Management]

TMS module to monitor billing statuses, cost and place invoice claims

Statuses	Description	Who's responsible to set?	Module
>>> ASSIGNED	Order is sent to Carrier	TMC	ТМ
	Order is picked up at loading place	Carrier	ТМ
	Order is arrived at unloading place	Carrier	ТМ
SILLING CASE CREATED	Order is available in FM	System	TM
ATTACHED	Order is available in FM	System	FM
€ PRICED	The price of the order is calculated	System	FM
GOODS RECEIPT	Goods are received and booked	Receiver	TM
	Order can be claimed or billed	System	FM
CLEARED/CLOSED	Order is under payment	TMC	FM

How to use TM for daily tasks? 1. Step: Proceed with your order

How to upload POD?

Steps within the load

- 1. Click on folder icon
- 2. Choose from document types POD

Choose the right document name: EN: Proof of delivery ES: Comprobante de entrega IT: Prova consegna FR: Justificatif de distribution DE: Zustellnachweis

- 3. Browse the needed document
- 4. Click on Add icon to upload

Requirements of POD

- 1. Clearly visible POD
- 2. Accepted document type: CMR or Transportauftrag
- 3. Written all TO and Load number on it
- 4. Weight and number of pallets/TO
- 5. Date of departure/date of arrival
- 6. Signature and stamp of the recipient party

Exception Management

What is an exception?

Exception: It is not possible to carry out the defined standard transport management process

Supplier is responsible:

- Supplier delays pick-up
- Supplier provides a higher/lower volume than advised
- Supplier fails to provide complete and correct transport documents

Carrier is responsible:

- > Carrier is late for pick up/delivery
- Carrier fails to pick up advised volume
- Carrier has lost the shipment
- Load damage

General issue:

- Customs issue
- Carrier is late for delivery with notification

- Carrier is late for delivery with notification
- Recipient delays delivery

What is an exception?

Exception: It is not possible to carry out the defined standard transport management process

TMC is the single point of contact in case of logistics issues!

- Supplier delays pick-up
- Supplier provides a higher/lower volume than advised
 - TMC_EU@bosch.com
- Supplier fails to provide transport documents

+36 1 879-8500

Customs issue

- 07:30-19:00 late for delivery with notification
- Carrier is late for delivery with notification

Recipient delays delivery

Summary about TM* modul

*Transport Management

To do list in case of outbound shipment from plant

1	Ta: 1.	sk Enter LOAD details (number plate of truck/trailer,)	Timing Before the LOAD is being collected	Where? TMS	1
*	2.	Set status collected	Until following working day 09.00 CET after LOAD collected	TMS	
*	3.	Set status delivered	Until following working day 09.00 CET after LOAD delivered	TMS	
*	4.	Ensure LOAD/TO reference on POD document	Before uploading into TMS	POD doc.	
t	5.	Upload POD document with LOAD-/TO- reference into TMS on TO level	Within 14 calendar days after LOAD's planned delivery date	TMS	

Transport costs will be not ready for the billing procedure if the **POD document** is provided without any **TO/Load reference!**

Note: Process is advised to do in case if shipment is inbound to plant

Timing of claiming in self-billing process

1. Order status shall be "Clearable".

If claiming was registered before setting clearable status, system will automatically delete your claim.

- 2. You have **5 working days** to claim
- Claims cannot be registered after 5 days in the system, only sent by post
- 4. Bosch has 30-60 days to pay your bill, accorded to the contract

Summary about FM* modul

*Freightcost Management

To do list in Freight Cost Management Modul

	Ta	sk	Timing	Where	?
*	1.	Filter for "clearable" orders	Each case if you had shipment which is delivered	TMS	
打	2.	Check the calculated price on the orders	Each case if you had shipment which is delivered	TMS	
	3.	Place claim of extra cost and upload documents to prove	If the calculated price is wrong and not according to the contracts	TMS	
4	4.	Check the report sent of orders without POD and upload the missing	Continuously in other to have paid invoices into TMS	POD doc.	

Factual confirmation should be received from Plant and carrier side in order to have the bill paid.
