

Data privacy notice for the applicant management process at Bosch Group

1. We want you on our team.

In this privacy notice, we inform you how your personal data is processed in the applicant management process at Bosch Group. Additionally we inform you about your rights under applicable data privacy laws. Personal data is all data that refers to an identified or identifiable natural person, such as date of birth, address or invoice data, and data that is specific to their identity.

The personal data you have entered in our applicant management system will be processed by the relevant legal entities of the Bosch Group for the purpose of processing your application and with the objective of filling vacant positions in one of the companies at Bosch Group. At Bosch Group, the process of filling vacancies involves several members of our HR departments, together with the respective managers and if required also the members of the respective department responsible for the recruitment process. As these people may belong to different companies of Bosch Group, your data may be exchanged within the Bosch Group all over the world.

2. Bosch respects your privacy

Protecting your personal data and ensuring the security of all our business data are important concerns for us. We always consider these concerns in our business processes. The personal data collected when you apply online is treated confidentially and strictly in accordance with the statutory provisions. Data privacy and information security are an integral part of our corporate policy.

3. Contact details of the data controller

The Bosch Group in Japan legal entity to which you submit your application is responsible for processing your data. You will find the contact details of the Bosch Japan legal entities in *Annex*.

4. Applying for positions advertised on our job portal

The easiest way to apply for a job at Bosch is a direct application for a position advertised on one of our job portals. Your application will be assessed as per our internal processes.

Paper applications are entered manually in our applicant management system and then either returned to you or destroyed. You will receive an e-mail allowing you to activate your application once it has been manually entered in the system. If you do not activate your application within 30 days, your data will be deleted from our applicant management system and you will be removed from the selection process.

You also have the option to make use of your own personal network and submit your application via an associate of the Bosch Group. Simply forward your résumé to the associate, who will then upload it to the applicant management system. You will then receive an e-mail allowing you to activate your application. If you do not activate your application within 30 days, your data will be deleted from our applicant management system and you will be removed from the selection process. We can recognize that a Bosch associate has recommended you. The associate in question can see an overview of the status of your application, but cannot see any further details of your application process. We keep you up to date on the status of your application by e-mail. You are free to edit your data or withdraw your application at any time during the application process. To do so, you require a SmartRecruiters profile, which you can create on the SmartRecruiters website. During the application process, you will be alerted via e-mail about any other vacancies that may be of interest to you. If applicable, we may also offer you membership in a Bosch applicant community.

5. Membership in a Bosch applicant community

If you are invited to join one of our Bosch applicant communities, you can publish your personal data to all HR departments of the Bosch Group. You are free to accept or reject the invitation to this community. If you accept, it enables us to inform you about the future vacancies and make your personal data available for these vacancies. You may delete your profile in the Bosch applicant community at any time.

6. Data categories processed

The following are the main categories of personal data processed:

- Master data (e.g. name, date of birth, nationality, place of residence)
- Documents (e.g. references, certificates, résumés)
- Claims for travel expenses (e.g. bank account details)
- Communication data (e.g. e-mail address, cell phone number, IT user ID)
- Log data recorded while using IT systems

7. Sources of personal data

As a general rule, your personal data is collected directly from you during the application process. When particularly sensitive positions are being filled, an additional check of your application data and background might be necessary. The result of this check will be documented in the applicant management system. If a background check is required, this information will be clearly stated in the job advertisement. These checks are carried out as per the local statutory regulations. For this purpose only carefully selected service providers are used.

8. Responsibility of applicants and revision of the content of registration by the Company

Applicants shall be responsible for the information entered in their Registration Form. Applicants hereby agree that if the Company receives an indication of any error or a request for deletion of any information from any third party due to incorrect information being entered in the Registration Form, the Company may delete such information without the prior consent of the applicant.

9. Transfer of data upon recruitment

If we recruit you for a position, your data will be transferred from our applicant management system to our HR administration systems, where it will be stored as associate data and processed accordingly.

10. Purposes of processing

We, and the external service providers we commission, process your personal data in compliance with the national data privacy laws and with any other applicable national laws.
